

Joining a NSW RFS State Mitigation Services team

Information sessions

We're holding information sessions in a number of locations. By attending one of our information sessions, you'll hear about:

- what it's like working for a NSW RFS State Mitigation Services team
- the kind of work you could do helping volunteer brigades and the community
- the training and support you'll be offered
- how to apply.

These sessions will be catered, so let us know via reply email if you're thinking about coming. We hope to see you there.

Griffith FCC – 9 November 2017

200 Wakaden Street, Griffith
