

Majors Creek

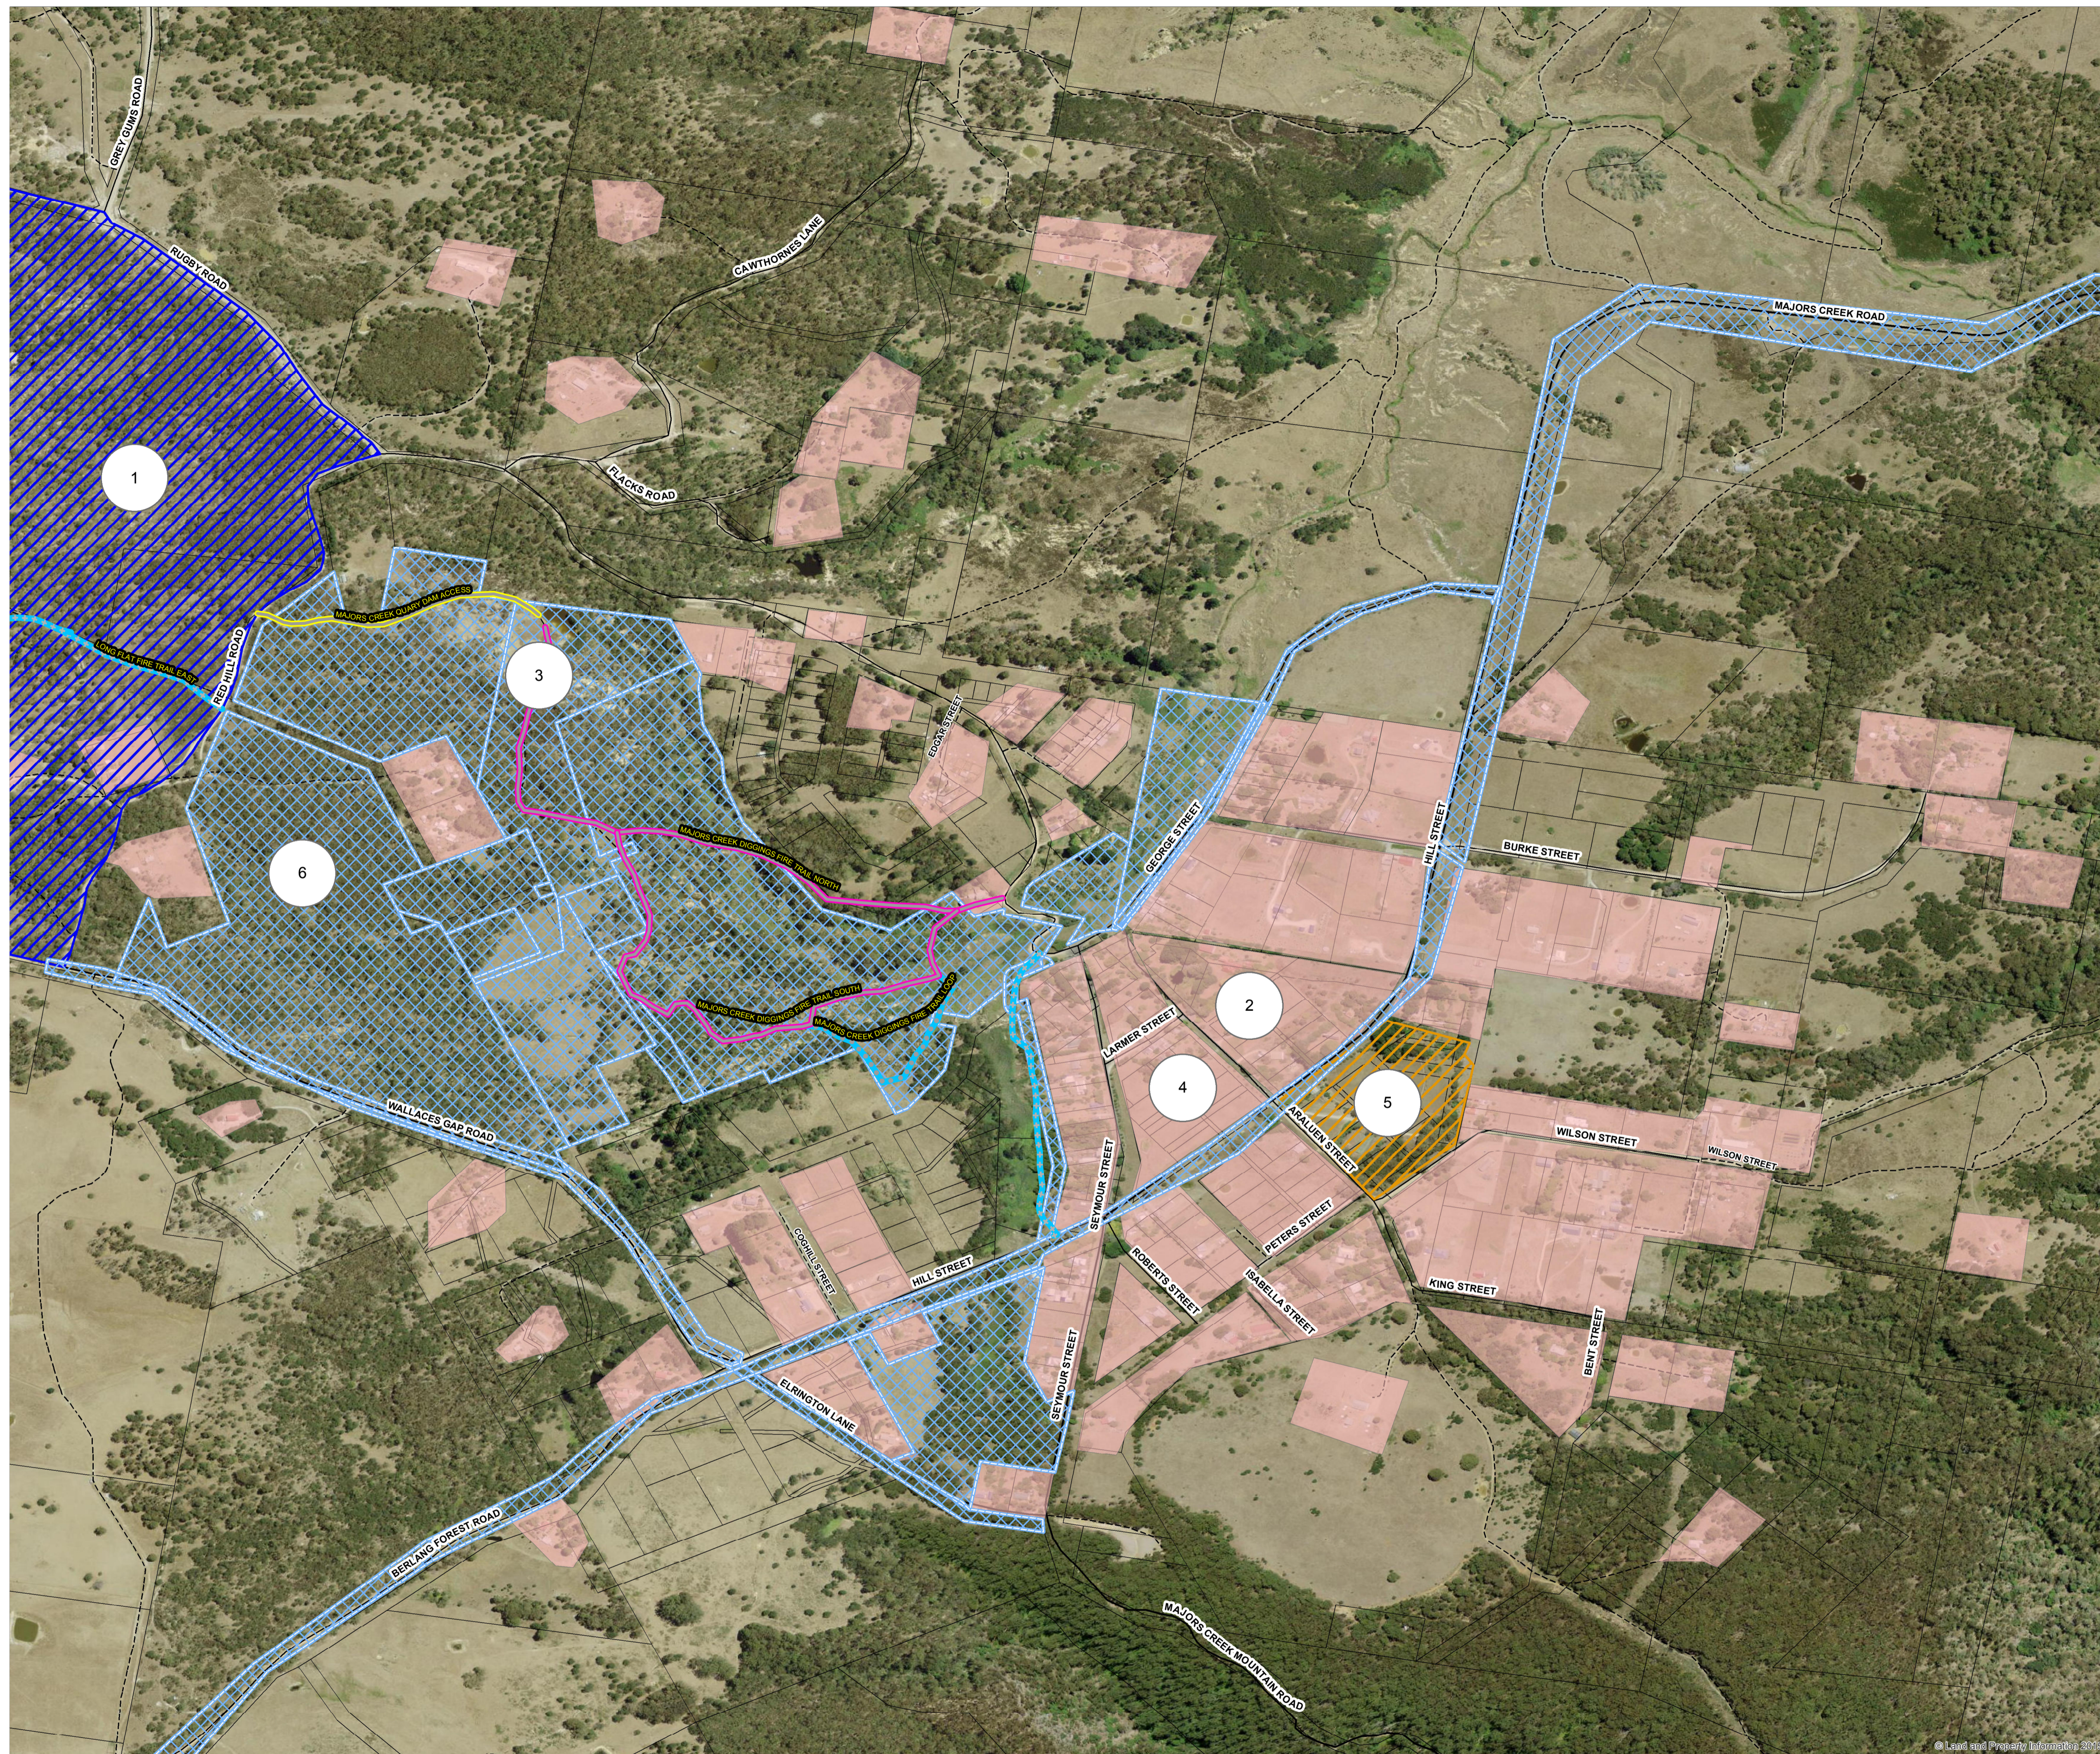

WORKS PROGRAM

Map Ref No.	Strategy	Action	Responsible Agency	Target / Action Date (Year)
1	Hazard Reduction	Maintain SFAZ	Private, RFS, DPI-Lands	15/16, 17/18, 18/19, 19/20
	Property Planning	Prepare Community Protection Plan	Lake George BPMC	2015 (Review 2021)
	Preparedness	Develop and maintain Bush Fire Survival Plan	Private	Ongoing Annually
		Assess new developments on bush fire prone land against Planning		
	Preparedness for Bush Fire Protection	Implement and maintain Static Water Supply Program	LGA, RFS & Private	15/16, 17/18, 18/19, 19/20
	Community Engagement	Firewise letter drop campaign	RFS	15/16, 17/18, 18/19, 19/20
2	Preparedness	Maintain APZ around dwellings in Residential Preparation Zone	Private	Ongoing Annually
3	Preparedness	Inspect Fire Trails; Undertake routine maintenance if required.	DPI-Lands, RFS	In accordance with BFFC 02/2007 Fire Trails Policy
4	Hazard Reduction	Cyclical maintenance as required under powerlines including slashing and spraying.	Power Utility	Bi-Annually
5	Hazard Reduction	Implement and Maintain APZ	LGA, RFS,	15/16, 17/18, 18/19, 19/20
6	Hazard Reduction	Implement and maintain proposed SFAZ	DPI-Lands, LGA, RFS	15/16, 17/18, 18/19, 19/20

Is your property fire-safe?

1. Cut back any overhanging trees or shrubs and dispose of cuttings appropriately.
2. Check the condition of your roof and replace any damaged or missing tiles.
3. Clean leaves from the roof, gutters and downpipes and fit quality metal roof guards.
4. Non-combustible fences are the most effective at withstanding the intense heat generated by bush fire.
5. Plant trees and shrubs that are less likely to ignite due to their low of content.
6. If you have a water tank, dam or swimming pool, consider installing a Static Water Supply sign (SWS).
7. Erase roof-floor areas.
8. Store wood piles well away from the house and keep covered.
9. Keep garden much away from the house and keep grass short.
10. Make sure the pressure relief valves on LPG cylinders face outwards.
11. Ensure you have a hose which is long enough to reach every part of the home.
12. Remove and store any flammable items away from the house.
13. Install metal fly, wire or solid covers to the outside windows and doors.
14. Have a non-combustible doormat.

Zone	Purpose	Suppression Objectives	Zone Characteristics
Asset Protection Zone	To protect human life, property and highly valued public assets and values.	To enable the safe use of Direct Attack suppression strategies within the zone. To minimise bush fire impacts on undefendable assets.	As per RFS document Standards for Asset Protection Zones.
Strategic Fire Advantage Zone	To provide strategic areas of fire protection advantage which will reduce the speed and intensity of bush fires, and reduce the potential for spot fire development. To aid containment of wildfires to existing management boundaries.	To improve the likelihood and safe use of Parallel/Attack suppression strategies within the zone. Indirect Attack (back burning) in high to very high fire weather conditions within the zone. To reduce the likelihood of Crown fire development within the zone. and/or Spot fire ignition potential from the zone.	Zone width related to suppression objectives and dependant upon: -Topography -Aspect -Location of adjacent firebreaks -Mosaic pattern of treatment -Assess Overall Fuel Hazard (OFH) once vegetation communities reach minimum fire thresholds within this plan. Management practices should aim to achieve mosaic fuel reduction patterns so that the majority of the SFAZ has an OFH of less than high.
Resident Preparation Zone	To identify that residents / property owners have a vital role to play in bush fire risk management and that they are responsible for their own property preparedness.	To increase the preparedness of residents for bush fire and ensure that vegetation in close proximity to residential assets are adequately maintained. To provide a defensible space for residents / fire fighters and complement hazard reduction works carried out within Asset Protection Zones / Strategic Fire Advantage Zones.	Residents / property owners should strive to achieve a 'Fire-Safe' property as outlined in the illustration above. Concerns regarding the bush fire safety of neighbouring properties should be raised with the NSW Rural Fire Service.
