1 Purpose

- 1.1 Section 81 of the *Rural Fires Act 1997* (the Act) provides for a bush fire danger period to apply throughout New South Wales from 1 October to 31 March each year.
- 1.2 Section 82 of the Act provides for the Commissioner to make declarations varying (by extension or reduction) the bush fire danger period specifically for local government areas.
- 1.3 Section 83 of the Act provides that the Commissioner must, before making a declaration under Section 82, consult with and take into consideration recommendations by:
 - a. The local authority for any area to which the declaration relates; and
 - b. Any fire fighting authority exercising functions in the rural fire district or fire district constituted for the area.

2 Policy

- 2.1 The Commissioner may vary the local bush fire danger period on his own initiative, in consultation with, or on the recommendation of, the local Bush Fire Management Committee (BFMC).
- 2.2 When varying a bush fire danger period, the Commissioner is required to publish a notice in a newspaper circulating in the area/s in which the variation applies, and as soon as practicable, must publish a copy of the notice in the Government Gazette of NSW.
- 2.3 The Director Response and Coordination will provide advice to the Commissioner and Executive Director Operations, along with Regional and District managers (in their capacity as BFMC executive officers), relating to actual or forecast conditions which may warrant consideration of a variation to a Bush Fire Danger Period (BFDP) by the Commissioner.
- 2.4 The BFMC Executive Officer is responsible for recommending whether a local BFDP should be varied on a permanent or temporary basis, using the forms and procedures prescribed within this standard.

Permanent bush fire danger period variation

2.5 Where the relevant BFMC is seeking approval of the Commissioner to permanently vary the BFDP, this must be a consensus decision of the whole BFMC.

Temporary bush fire danger period variation

2.6 Where the relevant BFMC is seeking approval for the Commissioner to temporarily vary the BFDP, this must be with consensus of the relevant fire authorities in the BFMC area of responsibility.

2.7 A BFMC that seeks to temporarily vary the BFDP must ensure the request is submitted no less than 14 days before the proposed variation start date.

Bush fire danger period variation procedure

2.8 Where the BFMC recommends that a variation of the local bush fire danger period occur, the BFMC Executive Officer shall request such variation using OMP 4.13.02 Application for Variation to Local Bush Fire Danger Period.

2.9 Once approved by the Commissioner or delegated officer, a notice varying the bush fire danger period must:

- a. Specify the name/s of the local government area/s or part area affected by the declaration;
- b. Specify the amended bush fire danger period; and
- c. Be signed and dated by the Commissioner or his authorised delegate.

2.10 The notice of variation, once approved, shall be published by the District Manager in a newspaper circulated generally in the affected local government area/s.

2.11 A copy of the notice must be published in the Government Gazette of NSW.

2.12 Any variation to a bush fire danger period will be processed by the NSW RFS Response and Coordination Unit in accordance with OMP 4.13.02 Application for Variation to Local Bush Fire Danger Period.
