

Before you light that fire

Be FireWise every day of the year

What do you need to consider before you light a fire for Agricultural Practices such as burn offs and pile burns?

Are you in the bushfire danger period?

Yes: There are a number of steps required before you ignite that fire.

- You are required to obtain a permit from your local permit officer. If you do not know who your local permit officer is, contact the Canobolas Zone Fire Control Centre on 6363 6666.
- Once you obtain the permit you must notify all adjoining landholders and occupiers **24 hours** before ignition.
- You are required to notify the Canobolas Zone Office on 6363 6666 24 hours before ignition.
- You are required to comply with the permit conditions listed at: www.rfs.nsw.gov.au/fire-information/BFDP
-

**No burning is permitted on
TOTAL FIRE BAN or NO BURN DAYS**

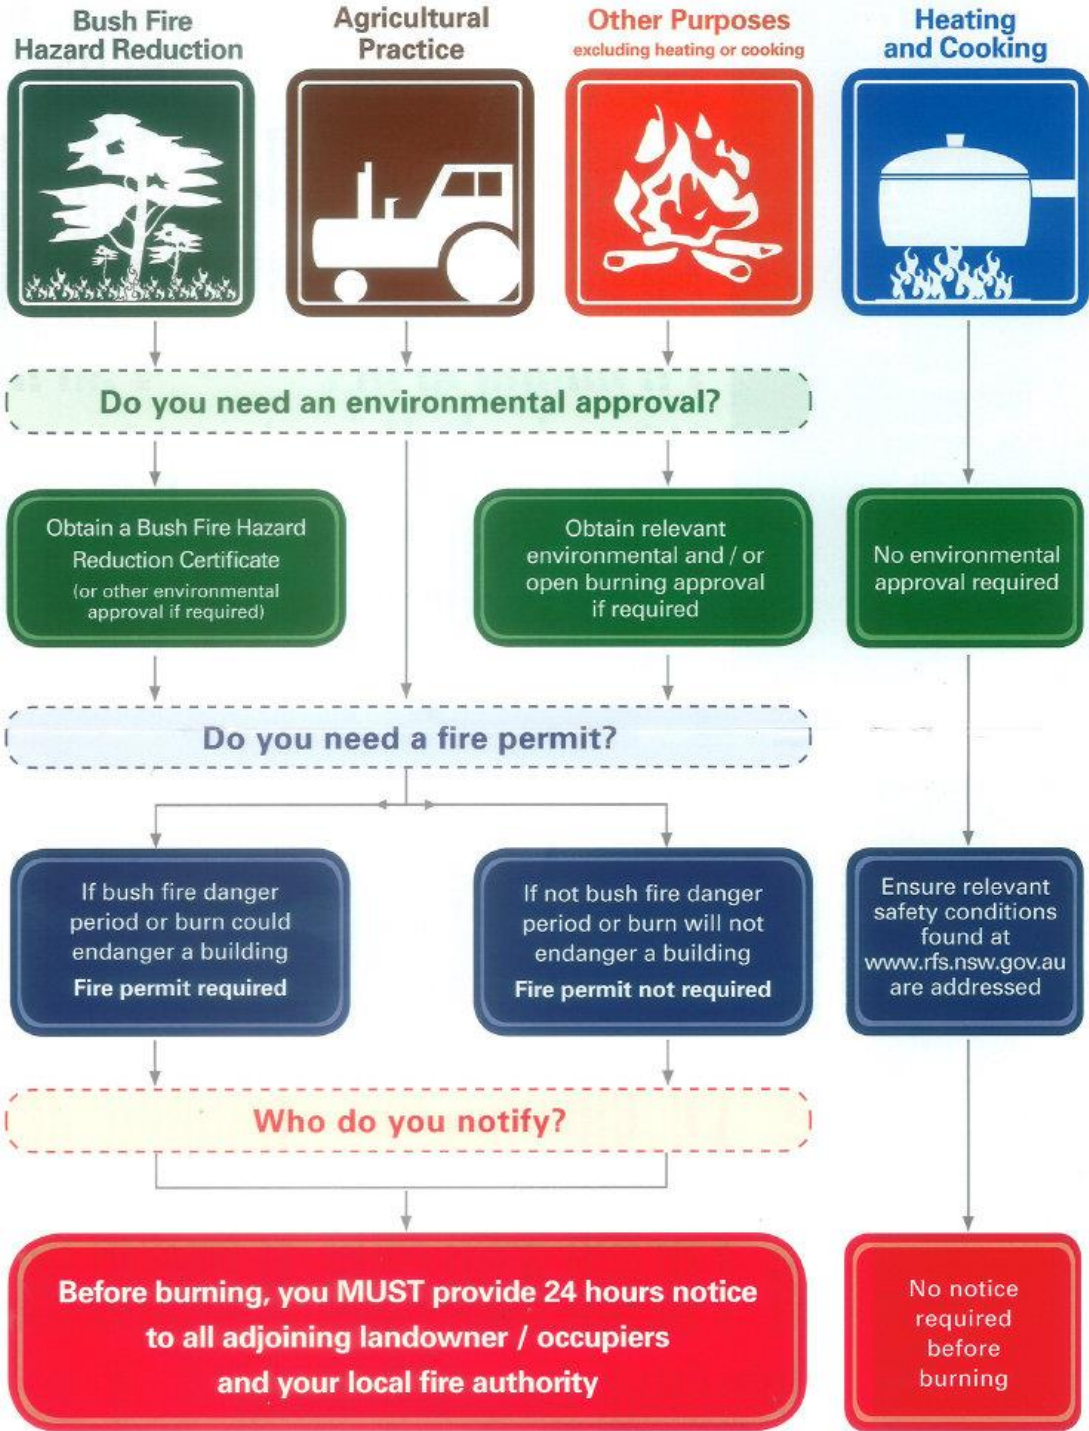

No: There are a number of steps required to follow before you ignite that fire, even in the middle of winter.

- While a permit is not required outside of the bushfire danger period for Agricultural Practices, unless you are lighting a fire which may endanger a building, you still have the responsibility to notify a number of parties **24 hours** before you ignite that fire.
- You are required to notify all adjoining landholders and occupiers.
- You are required to notify the Canobolas Zone Office on 6363 6666.

Be FireWise and help protect the community every day of the year
