1 Purpose

1.1 This policy and associated appendices:

a. Define the financial delegations conferred on nominated roles;

b. Outlines the framework and requirements for exercising financial delegations; and

2 Definitions

2.1 For the purpose of this policy:

a. **Budget limit**: means that a delegate may exercise a delegation up to the limit of the total organisational budget for the relevant type of good or service over the period of the purchase.

b. **Delegate**: a staff member authorised by the Minister for Emergency Services to exercise a delegation on behalf of the Minister in respect of the Public Finance and Audit Act 1983 under this policy.
c. **General financial delegation:** in the context of Appendix 2 of this policy refers to incurring expenditure for acquiring goods and services that form a normal or routine part of the duties of the identified role. The delegation is only conferred on a position whose role is listed in the delegation schedule, and only applies to expenditure incurred within the role’s organisation command structure.

d. **No limit:** indicates that a delegate may exercise a delegation irrespective of whether a budget currently exists within the NSW Rural Fire Service. In respect of expenditure, this situation only occurs in respect of emergency response expenditure, and is created due to the NSW Government natural disaster funding arrangements whereby funds are held in and reimbursed from the NSW Disaster Relief Account.

e. **Special financial delegation:** in the context of Appendix 3 of this policy confers additional delegations on roles that are specifically listed for the nominated items only. Roles that are not specifically listed cannot exercise these delegations, or utilise a general financial delegation to incur expenditure on the nominated goods or services.

### 3 Policy

3.1 Delegations are conferred by the Minister for Emergency Services, and may not be sub-delegated.

3.2 All staff members exercising a delegation must ensure they are aware of, and are complying with the requirements of, sections 12 and 13 of the *Public Finance and Audit Act 1983* and relevant Treasurer’s Directions.

3.3 All amounts listed in this policy are exclusive of GST. Where the NSW Rural Fire Service must pay GST, the Finance Branch is responsible for managing GST recovery (where appropriate).

3.4 A delegation will only be exercised where the expenditure is necessary and reasonable for the operation of the NSW Rural Fire Service in meeting its legislated functions.

3.5 Staff members exercising delegations are responsible for exercising due economy.

3.6 Expenditure shall be committed, incurred or approved by a delegate only within the limits of the delegation conferred by this policy.

3.7 Expenditure for goods or services for which there is a special delegation can only be committed, incurred or approved by a delegate with that special delegation. A delegate with a general delegation, irrespective of the value, cannot utilise that delegation for items for which a special delegation exists.

3.8 Where no financial delegation exists, or where the expenditure exceeds the Commissioner's delegation, approval must be sought from the Minister.

3.9 Delegations can only be exercised within a role’s prescribed area of responsibility and over resources for which their role has authorised access. Except where otherwise specified, this means delegations can only be exercised where a budget is available in the relevant area of responsibility.

3.10 The value of the transaction used to determine the appropriate delegate will be the total value of goods and services being transacted or contracted for. Transactions shall not be broken down into components (colloquially referred to as ‘order splitting’) in order to avoid the requirement for a higher delegation to be exercised. Delegation limits are per transaction.
3.11 A delegation can only be exercised by a NSW Rural Fire Service employee employed under the Government Sector Employment Act 2013. Consultants, contractors, agency temporary staff or volunteers cannot exercise delegations even when they are performing the duties of established roles.

3.12 A staff member appointed to act in a role has the delegations of the role in which they are acting, no matter the duration of the appointment.

3.13 Staff members holding a delegation to incur, commit or approve expenditure must not exercise the delegation for their own direct benefit. For example, employees cannot approve expenditure for their own travel, for their own attendance at conferences (unless as part of a group booking) or for equipment primarily for their own use.

3.14 Staff members shall not exercise a delegation that would involve or create a conflict of interest.

3.15 A senior staff member who considers it is not appropriate that a subordinate staff member exercises a delegation may, in writing, direct their subordinate not to exercise the delegation. Any such direction should be reported to the Executive Director, Finance and Executive Services in writing setting out the reasons for revocation of the delegation.

3.16 Delegations will continue to apply where there are minor changes in role title arising from organisational realignments or role description amendments.

3.17 Decisions made to commit, incur or approve expenditure under delegation are subject to scrutiny and/or audit.

3.18 Misuse of delegations, or incurring of expenditure without a delegation, is a breach of this policy and a breach of the NSW RFS Code of Conduct and Ethics. Such activity may result in misconduct processes under section 69 of the Government Sector Employment Act 2013 and Part 8 of the Government Sector Employment Rules 2014.
