INFORMATION FOR APPLICANTS

- **Summary incident related report:** NSW Rural Fire Service (RFS) usually provides access to the 'Fire Incident Reporting System (FIRS) Summary Report' free of charge through the State Operations Centre. If you are seeking access to this document only, please contact the Right to Information Officer prior to submitting a formal access application to discuss the scope of your application.
- **Application fee:** if you can demonstrate financial hardship (Pensioner or Centrelink card) the RFS will reduce the application fee by 50%. Please attach proof of financial hardship with your application.
- **Scope of your application:** clearly outline the information you are seeking and provide sufficient detail to identify the information requested. This reduces the processing time required for your application. Further, when seeking incident related information and you are seeking information on behalf of a third party (for example if you are an insurance company and seek information on behalf of an insured party) please specify this information at section 3 above.
- **Consultation with third parties:** if the information you are seeking access to 1) contains personal information of third parties 2) concerns a third party's business, commercial, professional or financial interest 3) concerns research carried out by or on behalf of a third party or 4) affairs of a government of the Commonwealth or another State, the RFS may be required to consult with the relevant third parties. This increases the decision period for processing your application and may increase the processing costs you may incur. If you wish to exclude information requiring consultation from the scope of your application in order to avoid an extension in the decision period or reduce processing charges please note this at section 3 above.
