1 Purpose

1.1. Planning and reporting are key components of the NSW RFS Corporate Governance arrangements.

1.2. This policy is to ensure an effective and consistent planning and reporting regime, supported by the NSW RFS Planning and Reporting Toolkit, where:
   a. the future direction of the organisation is clearly articulated
   b. there are planned pathways for the achievement of organisational objectives;
   c. roles and responsibilities are identified and understood
   d. progress is regularly monitored and reported;

1.3. The NSW RFS is committed to delivering the highest levels of service to the community. The planning of this service delivery takes into account:
   a. Rural Fires Act 1997 and associated regulations;
   b. NSW Government objectives and budgetary requirements;
   c. competing priorities; and
   d. the availability of finite funding and other resources, including human resources.

1.4. The NSW RFS planning process is also designed to:
   a. allocate ownership and responsibilities for the achievement of corporate objectives;
   b. ensure all NSW RFS volunteers, staff and external stakeholders have a clear understanding of major initiatives and their intended outcomes;
   c. inform a number of other plans and reports including the Next Generation Workforce Plan and the Annual Report.
2 Policy

2.1 The NSW RFS Corporate Plan informs all other organisational plans. The NSW RFS Corporate Plan describes organisational Key Focus Areas and Objectives, Outcomes, Strategies, and Key Actions.

2.2 The NSW RFS Corporate Plan assists with organisational decision-making in respect to the establishment and management of priorities and resources.

2.3 The NSW RFS Corporate Plan is reviewed and updated annually.

2.4 NSW RFS business planning is undertaken at the Corporate, Directorate, Group/Regional, Unit/District and individual level, guided by the NSW RFS Planning and Reporting Toolkit. The process, in summary, consists of:
   a. identifying and analysing risks, threats and opportunities;
   b. obtaining input from a range of sources;
   c. establishing organisational goals and targets;
   d. determining appropriate priorities;
   e. integrating risk mitigation initiatives as identified in the risk management process;
   f. balancing priorities, actions and resources; and
   g. monitoring and reporting progress.

2.5 The outcome of the above process is a documented plan, which includes supporting plans as required.

2.6 All plans cascade from the NSW RFS Corporate Plan down to the development of individual Work Plans each reflecting the intent of the NSW RFS Corporate Plan. All staff have the opportunity to participate in the business planning process.

2.7 The NSW RFS Corporate Plan is endorsed by the Corporate Executive Group and approved by the Commissioner prior to being communicated to the Minister.

2.8 Other business plans are approved as follows:

2.9 A copy of the Approved Directorate Plan and attestation confirming that all business groups/units within the Directorate have a Business Plan is to be provided to the Director, Corporate Planning, Risk and Learning via planning@rfs.nsw.gov.au

2.10 Progress on the achievement of planned outcomes is to be reported quarterly and annually.

2.11 All plans are reviewed at least annually by the plan owner.

2.12 Any amendments made throughout the year are to be approved by the relevant Executive Director/Director.

2.13 The NSW RFS Corporate Governance arrangements include:
   a. a direct link between corporate and business planning
   b. a systematic method of monitoring organisational performance at regular intervals; and
   c. the identification and implementation of corrective actions as required.
