

NSW RURAL FIRE SERVICE

MEDIA RELEASE

Macintyre High School cadets celebrate graduation

31 October 2019

Nine students from Macintyre High School will today be congratulated for their successful completion of the NSW Rural Fire Service (NSW RFS) Secondary School Cadet Program.

NSW RFS District Manager Superintendent Chris Wallbridge said the program is the ideal way to introduce young people to the important role volunteer firefighter's play within communities.

"These cadets have completed a 10 week course that has given them skills which will last a lifetime," Superintendent Wallbridge said.

"As well as examining fire behaviour, the students have been taught essential fire safety techniques and gained an appreciation of the work our emergency services do every day in this state.

"The cadet program also offers students the opportunity to experience firsthand the commitment and camaraderie that comes with volunteering."

Superintendent Wallbridge said this is the eighth time Macintyre High School has offered the NSW RFS Secondary School Cadet Program to its students.

"It's great to see genuine enthusiasm for this important community based program and hope it continues as part of the school's curriculum for years to come," Superintendent Wallbridge said.

"In addition to our NSW RFS members, I would also like to extend a special thanks to the Principal, teachers and staff from Macintyre High School for helping to make this program such a success."

Superintendent Wallbridge also paid tribute to the staff and volunteers from Northern Tablelands Team who facilitated the course.

"NSW RFS members thoroughly enjoy working closely with schools and communities to ensure that everyone is as well prepared as possible for the very real threat of fire. Firefighters cannot do it alone," Superintendent Wallbridge said.

"The Service is proud to pass on the ideals of community service, dedication and teamwork to the next generation."
